

SEPTEMBER TERM OF COURT BEGINS WITH HEAVY LIST.

Session Opens Today Before Which Many Cases Are Scheduled.

CRIMINAL CASES NEXT WEEK.

Grand Jury Enters Upon Labors After Address by Judge Van Swearingen. Expect to Finish by Friday Evening—To Be Busy Term.

COURT SESSION IN NUTTSHELL.

Session began this morning and will continue five weeks. Almost 100 cases to be disposed of. Seven in jail to be tried for murder. Twenty felonious assault cases. Criminal cases begin next week. Grand jury expected to finish work on Friday evening.

UNIONTOWN, Sept. 7.—Prominently at 10 o'clock this morning Judges R. B. Unbel and J. Q. Van Swearingen took their places on the bench in court room No. 1 and Crier Charles L. Smith announced the opening of the September term, which from the number of cases for trial, promises to be a record breaker.

The usual routine matters marked the opening hour, including the roll call of grand and traverse jurors for the week and the reports and returns of the constables of the county.

This completed the court announced the appointment of F. P. Truesdale, Uniontown agent of the P. R. R., as foreman of the Grand Jury and the oath to the jury was administered by Clerk Peter E. Sheppard. Judge Van Swearingen then charged the jurors giving them the usual instructions regarding the transaction of business brought before them, the examination of witnesses and the disposition of costs. Following the routine charge the court took occasion to call attention to the large number of cases for trial and impressed upon the jurors the importance of work before them regarding this he said in part:

This will be an exceedingly busy term of court. The work that will devolve upon you will require your most earnest attention.

(Continued on Page Two)

LABOR DAY IS MARKED BY HUNGARIAN PARADE.

Unique Services Over Graves of Darr Mine Victims Held—Native Soil Scattered on Mounds.

Headed by the Tenth Regiment Band the Hungarian societies of Western Pennsylvania and particularly of this section paid the last tribute to the dead of the Darr mine disaster laid in Chestnut hill cemetery and also dedicated a strip in that burying ground to the uses of the Hungarians of this section.

In this little plot in Chestnut Hill cemetery a large number of those who died in the Darr disaster are interred and after the services held at St. Dimory's Magyar Roman Catholic church the parade wended its way to the cemetery, where soil brought from Hungary was scattered broadcast over the plot.

The parade started at 11 o'clock and marched over the principal streets to the church where Requiem High Mass was read after which all repaired to the cemetery. Addresses were made in the native tongue, a large following of foreigners of other denominations being present to take part in the exercises.

The distribution of the soil about the cemetery was marked with much solemnity, as it was illustrative of burying the dead in the native land of Hungary and partook of all the features of the interment of the deceased of that land.

After the exercises a number of addresses were made to the gathering and were not concluded until after 3 o'clock. The parade was not as large as was expected but nearly every one of the members of the society in line lost a relative in the Darr disaster of December 19, 1907.

Returns to Colorado. Edward Reid, who has been visiting his mother, Mrs. Josephine Reid Beach street, returned this morning to Colorado, where he has charge of the work irrigating a large tract of land for a New York firm. Mr. Reid has been engaged in the work for the past two years. He spent six weeks with his relatives here and did not expect to return to Colorado, but was summoned there yesterday to oversee some additional work. He will be gone about four months.

NOW AT CAMBRIDGE SPRINGS.

Borough Engineer Hogg Expects to Return Home in Three Weeks. Relatives of Borough Engineer J. B. Hogg this morning were apprised of the arrival of Mr. and Mrs. J. B. Hogg at Cambridge Springs, where they will remain for several weeks. A letter stated today that Mr. Hogg continued to improve and that he hoped to be back in Connellsville within the next three weeks.

He is hopeful of returning to Connellsville within two weeks, but he feels sure that he will be able to return to his work within three weeks at the most.

BRYAN PROMISED TO SPEAK IN FAYETTE.

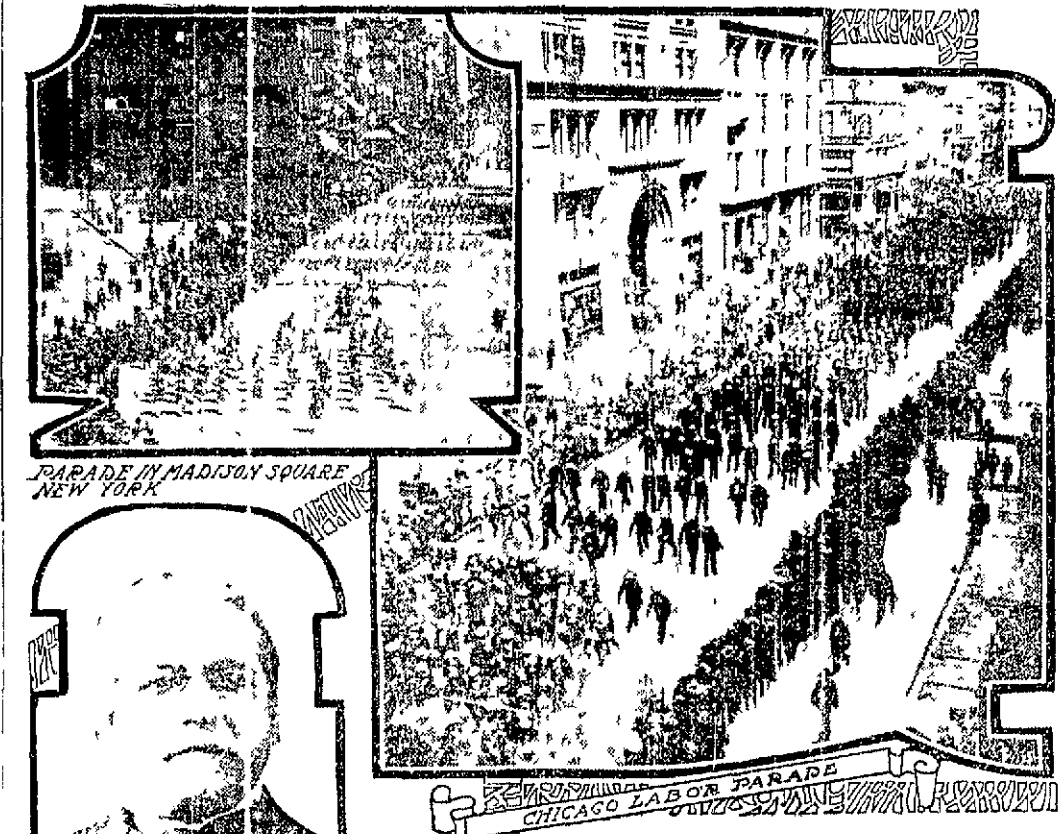

Commoner May Be Heard in Connellsville Before Campaign Comes to a Close.

If Colonel William Jennings Bryan does not break his word with Attorney Woodruff, the silver tongue orator of the Democratic party in Fayette county, he will pay a visit to this town before election day. Colonel Bryan at a recent meeting with Attorney Carr stated that he would make at least one speech in Fayette county in his effort to be elected President and Attorney Carr has stated to the Bryan Committee of Connellsville that if Mr. Bryan does not disappoint him, the meeting will be in the Yough Valley.

Mr. Bryan speaks at Cumberland on September 12 but goes east to Washington the next day. As yet the Fayette Democrats have received no intimation of what date he may be expected but they feel sure that he will take a look in on the college region before leaving for his home in Nebraska to learn the sad news of a hope that has vanished.

Cow Was Offender. Officer James Francis arrested a cow belonging to James Nicholson Sunday night. The regular forfeit was handed over Sunday morning and the cow taken home.

GIGANTIC PARADES MARK CELEBRATION OF LABOR'S NATIONAL GALA DAY.

If the plans for Labor Day are carried out the celebration will be one of the most active in the history of the holiday. In New York the plans have already been made for a grand parade, with a review in Madison Square. After the procession there will be games at the various athletic parks, with the grand exhibition at night. In Chicago the parade will be more extensive than usual. William B. Bryan will make three speeches to the labor men in that city. Samuel Gompers, president of the American Federation of Labor will speak at Danville, Ill. the home of Speaker Cannon of the house of representatives.

Connellsville Much in Evidence at Methodist Protestant Conference.

Connellsville figured to a large extent in the Methodist Protestant conference which will adjourn in Kittanning today after its annual session there. On Saturday the feature of the day was a banquet tendered to Rev. David Jones, D. D., the venerable Connellsville minister, in honor of the fifteenth anniversary of his ordination to the ministry. The affair took place at the Reynolds House in the evening and was attended by many friends of the clergyman.

Another former Connellsville pastor who was a prominent figure in the gathering was Rev. Leigh Layton, a retired minister, who has decided to enter the mission field again and will go to Yokohama, Japan. He will teach in the Methodist Protestant college in the Japanese city. He made an address on Saturday.

Connellsville again came into the limelight through the law relating to the instruction to delegates to the conference which was passed at the meeting of the conference in the city in 1906. The law was to the effect that delegates to the conference should not only vote on personal resolutions when they had been instructed to do so by the quarterly conference from the church. It was pointed out that this had caused more or less dissatisfaction and it was claimed that the matter of instructing delegates is now fully settled in the hands of the congression.

Weather Fair and slightly warmer tonight. The indication at noon.

MEMORIAL SERVICES FOR DEAD MINISTER.

Clergy and Officials Join to Pay Tribute to Memory of Dr. Huston Yesterday.

The last tribute was paid to the memory of Rev. Dr. J. J. Huston late pastor of the United Presbyterian church, yesterday afternoon at three o'clock when memorial services were held in the United Presbyterian church. All the local ministers took an active part in the services and the pretty little edifice was filled to its utmost capacity with friends of the deceased. In the audience were members of the City Council, the Merchants' Association, the Chamber of Commerce besides many other prominent men of town.

Rev. E. A. Palmquist, pastor of the First Baptist church, had charge of the services, which were opened with prayer offered by Rev. A. J. Ashe of the Methodist Episcopal church. Addresses by Rev. C. M. Wilson of the Christian church, Rev. E. B. Burgess of the Trinity Lutheran church, Rev. A. L. Fend, of the United Brethren church and B. P. Wallace representing the City Council, followed.

Resolutions of respect in behalf of the Ministerial Association, the Chamber of Commerce and the Y. M. C. A. were read by Rev. E. A. Palmquist, President of the Ministerial Association, E. R. Floto and Worth Kilpatrick, President of the Board of Directors of the Y. M. C. A. Appropriate music was rendered by an act of composed by well known singers of town. The services throughout were very impressive and touching.

Yesterday morning at 10:30 o'clock memorial services were held in the Trinity Lutheran church by the pastor and members of a congregation in honor of the departed minister. Rev. Burgess delivered a very touching sermon on the life of Dr. Huston.

CONNELLVILLE CASE BEFORE COURT TODAY.

Pittsburg Firm Brings Suit Against Local Establishment—To Change Nicholson Township Road.

UNIONTOWN, Sept. 7.—After the routine of court was completed this morning and the trial list for the day called over it was found that there was but one case ready for trial to day, and all persons were dismissed until 9 o'clock tomorrow morning, with the exception of the jury called to try the case of the Pittsburg Produce Company of Pittsburg against Louis and Mary Costa of Connellsville. The action is a claim of \$100 against the defendants for a bill of goods shipped there and which they refused to accept. The trial of it will be taken up this morning at 2 o'clock.

The petition of E. W. H. Murray to be appointed constable in Jefferson township to fill the vacancy caused by the resignation of Matt Becker was received and directed to be filed.

Weather Fair and slightly warmer tonight. The indication at noon.

FILLED FATHERS PULPIT.

Charles Bromley, Divinity Student Preaches Able Sermon.

UNIONTOWN, Sept. 7.—Charles Bromley, son of Dr. Bromley, pastor of the First Baptist church, filled his father's pulpit this evening and delivered an able sermon. Mr. Bromley will leave on Wednesday to enter the Rock Street Theological Seminary.

He will take a three years course preparatory to taking up his study work in the Divinity.

Bank Was in Bad Shape.

WASHINGTON, D. C., Sept. 7.—(Special.)—The Acting Comptroller of Currency upholds the closing of the Cosmopolitan National Bank of Pittsburgh. It has been in bad shape for some time, said the Comptroller, and he is recommending the charter that other officials were drunk but I know better. Oldham was not and it was he who was sent a telegram to one of the directors.

Weather Fair and slightly warmer tonight. The indication at noon.

BALL PLAYERS TALK OF WINTER WORK AND PROSPECTS FOR GAME HERE NEXT SEASON.

Always interesting to the local fans to hear the players talk about the future of the game in this town. Pittsburgh has furnished the winter. Although Connellsville did not win the pennant this year the team showed the local fans some real baseball something very different from the old team representing Connellsville in the West Penn League. Connellsville was a very proud of the bunch, the Seattle, the Coast City and others all over the circuit agree as to the team being one of the most gentlemanly and clean playing lot of fellows in the league. This winter most of them will be found far apart. As a rule most of the players but one or two

in the Pittsburgh contingent. All Monticury, the good old pitcher, will be one of the best minor league baseball players in the business. All will remain in town a short time after the season closes, trying to make money for next year. After he leaves for his home in Allentown where he pursues the occupation of a stationer. Johnny Yack, a great utility man, will play for the Clinton, N. Y. team. In the Johnny works in a book store in the city and makes a lot of money. Alex Sweeney, a hard hitting base stopper in Philadelphia, where he has a large practice as a hunter. Alex (Continued on Page 8)

MRS. GUS ROSENDALE DEAD.

Dies at Home in Dunbar township After Lingering Illness. Mrs. Gus Rosendale, 68, of 20 years, 11 months and 11 days, a well known resident of Dunbar township died yesterday at her home after a lingering illness. Burial from the family residence tomorrow at noon at 2 o'clock. Services will be conducted at the German Lutheran church at 1 o'clock. Rev. George Ditz, the pastor will officiate. Deceased is survived by her husband and the six small children. Interment will take place in Hill Grove cemetery.

COLORED PREACHER COMMITS SUICIDE.

Becoming Despondent Walter Stand and Shoots Himself at His Home at Leith Saturday.

UNIONTOWN, Sept. 7.—Walter Stand, 45 years old, a well known colored minister, shot and instantly killed himself at Leith Saturday evening. He was despondent over the illness of his wife who had been in the hospital for several weeks. He was working in the garden a few minutes before he died. He was found lying in a pool of blood upon the floor. The ball entered the right side of the head and passed through the brain. He was the father of eight children and being out of work for many weeks, had been heavily upon his mind. The funeral services will be held at the Mt. Olivet Baptist church Tuesday afternoon at 2 o'clock.

Play With Matches, Two Dead.

GREENSBURG, Sept. 7.—Within half an hour after the death yesterday of John Collikan, three year old daughter of John Collikan who was burned severely several days ago while playing with matches, Rose, his four year old daughter, of John Collikan, died, having received in a similar manner, but today. The child had lived in the same street.

To Harness Yough in Garrett County To Supply Electricity to Pittsburgh.

Western Maryland Coal & Coke Company with officials of that concern. Colonel Bogart, plan to build three dams along the company's property on the Yough river, one 75 feet high and a third 100 feet high, the power to be developed by turbine wheels. The company's holdings are in the vicinity of Leidsville, a river in the Confluence & Oakfield railroad.

The company is now conducting a survey of the river and building a dam at Leidsville. The company's plan is to harness the power of the river to supply electricity to Pittsburgh.

Weather Fair and slightly warmer tonight. The indication at noon.

RAILROADS ARE NOW SUFFERING FOR WATER.

Growth in Addition to Crippling Manufacturing Plants is Causing Trouble in Other Places.

The scarcity of the water supply is becoming a serious problem all over the country and unless there is a heavy rainfall soon many plants will be compelled to close down. The Baltimore & Ohio Railroad Company has erected temporary water tanks along the river between Connellsville and Rockwood but the river is so low that there is considerable difficulty in supplying all these tanks. The Sunbury & Cambridge branch of the B. & O. is most the up an account of a scarcity of water. But a small lot of the coal ready for shipment at that branch was now delayed and the hurriedly turned out the Connellsville division were drawn upon to supply.

Weather Fair and slightly warmer tonight. The indication at noon.

COMPLETING OVENS.

Name of Plant Near Pt. Marion Will Be Changed. Wade H. Lehard of the McClelland Brick and Coal Company, was in town this morning and stated that the company now has 24 ovens completed on the old Blosser tract of coal near Pt. Marion. The company contemplates the erection of 46 ovens. The company has 20 acres of land along the P. M. & C. branch and has already opened the mine, constructed three houses and have a siding of about 1500 feet of siding.

Plans are being made to change the name of the company from the McClelland Brick and Coal Company to the Fayetteville Brick and Coal Company, a number of new parties having been interested in the development of the coal.

Weather Fair and slightly warmer tonight. The indication at noon.

Infant Dies.

Johanna Wagner, infant daughter of Henry and Anna Wagner, died yesterday of cholera infantum at the family residence at Davidson. Aged one month and 27 days. Burial this afternoon at 2 o'clock. Interment in St. Joseph's cemetery.

WARNING SOUNDED BY HEALTH BOARD FOR CLEANLINESS.

Utmost Caution Advised By State Officer Here Today.

TYPHOID FEVER IS FEARED.

Residents Are Advised to Drink Only Boiled Water—Physician Puts Ban on Yough Supply—Some Typhoid Here Now.

CITIZENS SHOULD OBSERVE: Scrupulous cleanliness that an epidemic of typhoid fever may be averted. Drink the water they drink has been boiled. Do not drink Yough water. Do not dump garbage in vacant lots. Be careful that milk is clean and pure.

A warning is sounded today by the Board of Health to the citizens of Connellsville to observe strict cleanliness about their premises and to be careful of all water used by them. State Health Officer E. E. Confluence was in Connellsville this morning and held a long consultation with Health Officer Allen Hyatt. He stated that there were quite a number of cases of typhoid fever in Confluence and advised the utmost caution and care in the use of Yough river water by the residents of Connellsville.

Dr. A. F. Atkinson, a member of the Board of Health, of the typhoid fever epidemic at Confluence directed Health Officer Hyatt to advise in making his rounds the use of boiled water. The physician contends that it is but very little more trouble to do this and in the present condition of streams it is absolutely necessary in order to prevent sickness.

Health Officer Hyatt this morning issued in a bulletin showing that there are a number of cases of typhoid fever in Connellsville. He says:

We have had in the last two weeks six cases of typhoid fever reported and I do not believe that all cases have been reported and the total number in the borough exceeds this by a goodly number. This is a sudden and unexpected increase.

HOTEL KELLY SOLD; PURCHASED FOR \$15,000.

Frank Zacharias Takes Over at Sheriff's Sale for Amount of Mortgage Held.

The Hotel Kelly on Water street was sold at Sheriff's sale Saturday to Frank Zacharias for \$15,000, the purchaser holding a mortgage against the property for that amount and bidding it in for the amount of his mortgage. The sale was brought about by the suit of Ellen Kelly and the property sold and taken in execution upon it. A second mortgage was held by Frank Zacharias, and by the sale Saturday he comes into the property in its entirety.

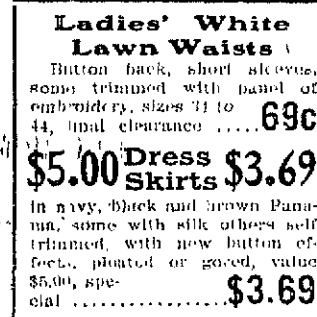

Perceze will continue as proprietor of the hotel no change, it is stated being contemplated at once.

Weather Fair and slightly warmer tonight. The indication at noon.

12,000 HOMELESS IN MINNESOTA.

Forest Fires Devastate Large Section of the Country.

GOV. JOHNSON ASKS RELIEF.

Town of Chisholm on Mesaba Iron Range Destroyed—Greatest Calamity in State's History, Says the Governor.

Duluth, Minn. Sept. 7.—After destroying the town of Chisholm on the Mesaba range, and burning over thousands of acres in St. Louis, Carlton and Itasca counties in Minnesota, and in Douglas county Wisconsin, the many forest fires which have been raging in these regions have been checked. If the wind does not spring up again it is not likely that further damage will result.

A strong wind which had driven the flames before it in many timbered and agricultural townships subsided and the thousands of homeless people took stock of their belongings and prepared to rebuild their homes.

The subsiding of the wind enabled the inhabitants of Duluth and Nash to save these towns. Several buildings at the edge of Nashwauc were burned, but by working all night 1,000 miners and citizens prevented the flames from sweeping over the village. The town was surrounded by a wall of fire and its escape from obliteration was remarkable.

Blackened wood little heaps of gray ashes, scorched, gaunt skeletons of brick and mortar, all accompanied with a dense pall of smoke comprise what was one of the most flourishing towns on the Great Mesaba iron range. The only remaining buildings are the new high school, a graded school, a Catholic church, the Italian church and a dozen dwellings in the southernmost part of Chisholm.

Relief Promptly on the Way. The damage to real property is now estimated at \$1,000,000 and that to personal property at \$750,000. The insurance carried by Chisholm merchants was about \$500,000.

The Duluth, Mesaba and Northern railroad started a car of tents from Duluth for Hibbing on receipt of a message from Mayor Watlick. Food stuffs will not be needed as the merchants have large supplies and an order from Duluth has been placed for what is desired.

There are many destitute persons, especially among the miners. Many men are without funds to buy a meal today. In most instances these misfortunes are only temporary, as many will soon receive their insurance money. However, some merchants lost everything they had except the clothes on their backs and there will be much suffering and financial embarrassment.

St. Paul, Sept. 7.—Governor Johnson has issued the following proclamation:

"A great disaster has come to North eastern Minnesota. Chisholm, one of the splendid cities of the Mesaba range, has been totally destroyed by a forest fire which swept over a large portion of the county. Lively home and business house of that community is burned and 6,000 persons are suddenly rendered homeless. The property loss amounting to millions of dollars. Early reports indicate also the total destruction of the mining locations of Sherridan, Hartley and Pillsbury. The total number of persons rendered homeless will reach 12,000 and vast tracts of agricultural lands have also been destroyed.

Disaster Without Parallel. "This disaster is without parallel in the history of Minnesota and in view of the appalling calamity I appeal to the generosity of the people of Minnesota for liberal aid and owing to the great necessity ask that this assistance be as prompt as possible.

A general committee has been appointed to receive and disburse contributions for the relief of the sufferers.

Wrenshall, a town of 600 inhabitants thirty-two miles northwest of Duluth, is threatened by fire and the entire population is fighting it. The flames are within a mile of the city.

No fatalities attended the conflagration at Chisholm. The ruined city will be rebuilt at once. Chisholm is under military rule. Company M of the Second regiment from Hibbing is guarding the ruins from looters.

Conservative estimates of the damage by the forest fires in Northern Minnesota and in the northwestern portion of Wisconsin place the total at \$3,750,000,000.

Police Suspect Murder.

Marquette, O. Sept. 7.—The finding of the body of a man in the Muskegon river leads the police to believe that murder has been committed.

A few days ago a carcass was found floating near the spot and in it were letters to "Frank Ritchie." They were from some point in Pennsylvania (the postmark was partly obliterated) and were signed "your wife Daisy." The body was so badly decomposed that identification is practically impossible.

85 Stragglers Left Behind.

Milbourne Sept. 7.—A patrol from the American fleet is still searching for the men who failed to go aboard their ships when they sailed Saturday morning. These number eighty-five. Nearly all the stragglers left behind at Sunday returned to the fleet.

27 YEARS TEMPER WRATH OF SICKLES.

Civil War Veteran and Wife Reunited at Last Through Efforts of Their Son.

New York Sept. 7.—According to an interesting story the World prints today General Daniel B. Sickles veteran of the civil war ex-congressman and lawyer and his wife are reunited after a separation of twenty-seven years. During the long separation Mrs. Sickles has lived in Madrid, Spain. Mrs. Sickles accompanied by her only son Stanton Sickles arrived here on recently and the next day the son brought the general and his wife together. It is said that General Sickles weakened by infirmities and slowly sinking under the burden of years expressed a wish months ago to once again see his wife the mother of his two children but no positive information has been vouchsafed as to just what brought the couple together again or as to the differences if any, that separated them.

General Sickles wasted with illness at his desk. He glanced up and bowed politely as his son entered the room with a lady on his arm.

"Father do you know this lady?" asked the son.

"She looks strangely familiar," "This lady is your wife and my mother general," said the son.

Quickly extending a trembling hand to welcome the old general said, "I am glad to see you, but my, how fat you have grown."

His wife and wife laughed and clasped hands.

TRI-STATE NEWS.

Events of the Day in Brief from Pennsylvania, Ohio and W. Va.

Fresport Pa. Sept. 7.—Mrs. Samuel Glen, age fifty-seven, fell off a porch, breaking her leg.

East Liverpool O. Sept. 7.—A Cleveland and Pittsburgh passenger train killed William Binkley, age thirty.

Parkersburg, W. Va. Sept. 7.—Henry Shiner, white, was shot by Bob Walton, a negro, in a street fight. Walton escaped.

Hamilton O. Sept. 7.—James five-year-old son of William Culbertson, a farmer, killed himself instantly with his brother's revolver.

Washington, Pa. Sept. 7.—Eight-year-old Olive Wilson daughter of Alexander Wilson of Bevington was killed by a horse and may die from her injuries.

Nethlehem, Pa. Sept. 7.—The storeroom of the Twentieth Century company, owned by Adam Brink, was destroyed by fire, entailing a loss of \$100,000.

Marquette O. Sept. 7.—Sailor Mueller, who followed the restaurant bus in the oil fields for many years, fell dead from asphyxia while walking through the city park here.

Delafontaine O. Sept. 7.—Gail Kornper, twenty-two, encountered two masked highwaymen. When he refused to throw up his hands he was shot through the body. The men escaped.

Staubenville, O. Sept. 7.—James Cunningham a farmer was held up at a lonely wooded portion of the Gould station road by masked men who at the point of a revolver made him hand over \$800.

Butler Pa. Sept. 7.—Three masked men waylaid Justice of the Peace Joseph Hotaling in South Butler and he fled with \$400. He recognized the highwaymen as men he had seen for some time from a hotel.

New Kensington Pa. Sept. 7.—The daughter of a treasurer in the school board of Arnold has finally been terminated by Judge A. D. McConnell of Greensburg who has dissolved the old board and will name a new one.

Clarkburg W. Va. Sept. 7.—Frank Seales miner struck over the head with a pick handle by Samuel Clifton, another miner at the O'Neill mines three miles east of this city died within half an hour. Clifton is in the county jail.

New Castle, Pa. Sept. 7.—Twenty-five deputies under command of Lieutenant Armstrong of Troop F state police, are on guard at the plant of the Shenango Limestone company to prevent trouble between 150 striking quartermen and strikebreakers.

Canton O. Sept. 7.—A little girl passing through a field came upon the body of Henry Aston of Canton, a contractor. Aston had gone to the county to attend to some work and was picking elderberries on his return home. He had been in poor health.

Fairmont W. Va. Sept. 7.—Hungarians from this vicinity will go to Connelville Pa. on labor day to attend the ceremonies of burying their kinsmen who were killed in the Drury mine disaster. A small casket of earth from the victims native land will be sprinkled over the graves.

Johnstown Pa. Sept. 7.—South Fork has never before faced such a serious problem as that presented by the water famine which has the town in the grasp. Nearly the entire town is without water. The town is dark, no water being obtainable for the big boilers at the light plant.

Youngstown O. Sept. 7.—Employees of the steel mills here who marched in the Republican parade at the campaign opening received their regular day's wages and the uniform free of charge the latter being provided by their employers who desired to make as good a showing as possible.

COKE INDUSTRY IN OHIO STATE.

Ranks Fourth in Production of Coking Coals in Country.

HAS ATTAINED SMALL NOTICE.

Much of Coal Makes Excellent Fuel, Which is Partially Responsible For Showing—Real Reason Is Better Coking Material in Pennsylvania.

Although Ohio ranks fourth among the coal producing states it has not attained great prominence as a coal producer, partly because much of the coal mined in the state makes excellent fuel in its raw condition but partly also because it has to compete with the highest grade coking coals of Pennsylvania and West Virginia. The operations of the Rocking by product recovery plant at Cleveland which was in full blast during 1905, 1906 and 1907 and the Otto Hoffman plant at Cincinnati are in fact combined together with an increased production of better coke at Cincinnati have however brought the total production of the state during the last three years to an important figure although the output in 1907 was less than that reported in 1906.

According to the United States Geological Survey, whose report on the coke industry is now in press is an advance report of the coke industry of the United States for the year 1907, the production for the year amounted to 7,071,341 short tons valued at \$5,192,200. In 1906 the coke production of the United States was 6,755,100 short tons valued at \$4,811,100. The Ohio production for the year 1907 was 1,100,000 short tons valued at \$750,000. Of this 750,000 short tons of coke were produced in the state in 1907. The coke production of the state in 1906 was 1,000,000 short tons valued at \$700,000. The coke production of the state in 1905 was 900,000 short tons valued at \$630,000. The coke production of the state in 1904 was 800,000 short tons valued at \$560,000. The coke production of the state in 1903 was 700,000 short tons valued at \$490,000. The coke production of the state in 1902 was 600,000 short tons valued at \$420,000. The coke production of the state in 1901 was 500,000 short tons valued at \$350,000. The coke production of the state in 1900 was 400,000 short tons valued at \$280,000. The coke production of the state in 1899 was 300,000 short tons valued at \$210,000. The coke production of the state in 1898 was 200,000 short tons valued at \$140,000. The coke production of the state in 1897 was 100,000 short tons valued at \$70,000. The coke production of the state in 1896 was 50,000 short tons valued at \$35,000. The coke production of the state in 1895 was 25,000 short tons valued at \$17,500. The coke production of the state in 1894 was 12,500 short tons valued at \$8,750. The coke production of the state in 1893 was 6,250 short tons valued at \$4,375. The coke production of the state in 1892 was 3,125 short tons valued at \$2,187. The coke production of the state in 1891 was 1,562 short tons valued at \$1,093. The coke production of the state in 1890 was 781 short tons valued at \$546. The coke production of the state in 1889 was 390 short tons valued at \$273. The coke production of the state in 1888 was 195 short tons valued at \$136. The coke production of the state in 1887 was 97 short tons valued at \$68. The coke production of the state in 1886 was 48 short tons valued at \$34. The coke production of the state in 1885 was 24 short tons valued at \$17. The coke production of the state in 1884 was 12 short tons valued at \$8. The coke production of the state in 1883 was 6 short tons valued at \$4. The coke production of the state in 1882 was 3 short tons valued at \$2. The coke production of the state in 1881 was 1 short ton valued at \$1. The coke production of the state in 1880 was 0 short tons valued at \$0. The coke production of the state in 1879 was 0 short tons valued at \$0. The coke production of the state in 1878 was 0 short tons valued at \$0. The coke production of the state in 1877 was 0 short tons valued at \$0. The coke production of the state in 1876 was 0 short tons valued at \$0. The coke production of the state in 1875 was 0 short tons valued at \$0. The coke production of the state in 1874 was 0 short tons valued at \$0. The coke production of the state in 1873 was 0 short tons valued at \$0. The coke production of the state in 1872 was 0 short tons valued at \$0. The coke production of the state in 1871 was 0 short tons valued at \$0. The coke production of the state in 1870 was 0 short tons valued at \$0. The coke production of the state in 1869 was 0 short tons valued at \$0. The coke production of the state in 1868 was 0 short tons valued at \$0. The coke production of the state in 1867 was 0 short tons valued at \$0. The coke production of the state in 1866 was 0 short tons valued at \$0. The coke production of the state in 1865 was 0 short tons valued at \$0. The coke production of the state in 1864 was 0 short tons valued at \$0. The coke production of the state in 1863 was 0 short tons valued at \$0. The coke production of the state in 1862 was 0 short tons valued at \$0. The coke production of the state in 1861 was 0 short tons valued at \$0. The coke production of the state in 1860 was 0 short tons valued at \$0. The coke production of the state in 1859 was 0 short tons valued at \$0. The coke production of the state in 1858 was 0 short tons valued at \$0. The coke production of the state in 1857 was 0 short tons valued at \$0. The coke production of the state in 1856 was 0 short tons valued at \$0. The coke production of the state in 1855 was 0 short tons valued at \$0. The coke production of the state in 1854 was 0 short tons valued at \$0.
